NATASHA'S LAW COMES INTO EFFECT 31ST OCTOBER 2021

ARE YOU READY?

What is Natasha's Law?

As of 31st October 2021, any business based in England must clearly label all foods prepared and packed on their premises. The purpose of this new legislation is to give allergenic ingredients more prominence on product labels in order to protect hypersensitive consumers and give them greater confidence in the food they buy, following the tragic death of Natasha Ednan-Laperouse in 2016.

All pre-packed for direct sale foods will now need to have labels showing:

- The name of the foods
- A full ingredients list with the 14 allergens required to be declared by food law emphasised on the ingredients list if present.

See pages 28 & 29 for information on a complete food labelling solution.

This is an important and welcome step towards our ambition for the UK to become the best place in the world for people who have food allergies and intolerances.

The Food Standards Agency Chair, Heather Hancock
