MAKE MORE OF EXMOOR

Exmoor National Park cattle are selected from breeds that would have traditionally grazed these hills. Generally slower to mature, they are still raised in small herds on small family farms as they have been for generations.

The Lerwill family have been raising beef on Exmoor since the 12th century. All our cattle are hand reared using non-intensive methods and benefit from a high biodiversity structure and varied diet. The result is beautifully marbled, tender and succulent.

WEST COUNTRY BEEF

AN EXCELLENT EATING EXPERIENCE

In January 2014, Protected Geographical Indication (PGI) for West Country beef was recognised by the European Commission and published in the Official Journal of the EU.

This means that beef from the region meets specific criteria relating to feeds (minimum 70% forage diet), origin, assured supply chain and maturation regimes during processing which can be clearly labelled, promoted or identified. Only after these strict standards have been met, is beef eligible to carry the PGI logo and be badged as West Country and promoted on the basis of their production standards.

WHAT IS A PGI?

A Protected Geographical Indication (PGI) is one of three European designations to promote and protect names of quality agricultural products and foods. The PGI covers agricultural products and foodstuffs linked to the geographical region. At least one of the stages of production, processing or preparation takes place in the area.

What geographical area does the West Country cover?

In the context of the PGI, the West Country covers Cornwall, Devon, Somerset, Gloucestershire, Dorset and Wiltshire.

How will the PGI help promote beef from the West Country?

Beef from the region which is produced in accordance with the registered specification is eligible to carry the PGI logo. It can be badged as West Country beef and promoted on the basis of its production standards, helping to differentiate the product in the marketplace to consumers.

WEST COUNTRY BEEF UNIQUE FLAVOUR AND QUALITY

The unique flavour of West Country beef derives from the lush grassland peninsula where the cattle are born and raised. The distinctive climate in the West Country, linked to the specific farmland, provide a totally unique taste. It enables you to demonstrate that a product is:

- *Born and raised in the West Country*
- *Totally assured supply chain*
- *Independently inspected*

FREE MARKETING SUPPORT

As an approved stockist of West Country beef you will be eligible to receive the following marketing support materials:

- *Posters*
- *Consumer leaflets*
- *Box stickers*
- *On-pack stickers*
- *Logo artwork for packaging and menus*
- *Approved stockist certificate*

MAKE MORE OF EXMOOR

Exmoor National Park cattle are selected from breeds that would have traditionally grazed on the moors. Generally slower to mature, they are still raised in small herds on small family farms as they have been for generations.

The Lerwill family have been raising beef on Exmoor since the 12th century, all of their cattle are hand reared using non-intensive methods and benefit from a high biodiversity structure and varied diet. The incredibly short journey from the field, to the abattoir and then to Dennis Family Butchers keeps the carbon footprint of Exmoor Beef to a minimum compared to large, intensive livestock farming operations.

The whole process pays respect to the incredible Exmoor National Park by maximising sustainability with the smallest environmental impact, and all while providing meat which is beautifully marbled, tender & succulent.

DENNIS FAMILY FISHMONGERS - THE FRESHEST QUALITY

Why you should choose **DENNIS FAMILY FISHMONGERS**

We take great care to help manage the sustainability of fish stocks. As a responsible supplier, we endeavour to ensure that our first port of call is our local seas and markets to maximise traceability and sustainability. We can also exclusively offer Lundy Fish caught just off the North Devon coast to ensure premium quality for your 'Catch of the Day' menus.

Our Fishmongers offer bespoke trims so you can order exactly what you want, when you need it, in the quantities you require.

Once landed, every care is taken to process the fish as quickly and efficiently as possible to ensure that only the best quality product is delivered to our customers. We're also here to help guide you as to what's in season for the best price, so please ask!

Our reliable drivers and fleet of more than 60 temperature controlled, dual-compartment vehicles means that we can get your order to you in perfect condition, often within 24 hours of it being placed.

For a wide range of fish, seafood and shellfish - often locally caught - look no further than Dennis Family Fishmongers. Our dedicated fish team are passionate about perfectly preparing your seafood to meet your exact needs.

FRESH FISH

Dennis Family Fishmongers is renowned for offering a wide range of fresh fish, seafood and shellfish to its customers.

Our dedicated team is passionate about perfectly preparing your seafood to your exact needs and once landed, every care is taken to process the fish as quickly and efficiently as possible to ensure freshness for our customers.

We are also committed to help manage the sustainability and traceability of fish stocks and our first port of call is our local seas and markets.

Our fishmongers know how important provenance can be to your menu planning.

Situated just off the North Devon Coast, Lundy Island is surrounded by clear waters which are a magnet for marine wildlife. Only fish caught from the waters around the island can claim to have the mark of Lundy Fish and this is **exclusive to Dennis Family Fishmongers**.

The North Devon coast yields around 75 species across the year from squid in the summer to bass, skate, mackerel, plaice and cod, providing versatility for a number of dishes.

CATCH OF THE DAY

Locally caught, Lundy Fish is processed straightaway at our North Devon fish processing plant and is delivered in refrigerated lorries, ensuring the freshest fish for your 'Catch of the Day' menus.

Choosing Lundy Fish provides an exclusive way to sell provenance and quality on your menus and we can provide the Lundy Fish logo to add that premium touch.

Expertly prepared, Lundy Fish offers a quality and freshness that will ensure that your dishes will stand out from the crowd.

WHAT'S IN SEASON?

Our team of fish specialists are happy to advise on what's in season, best prices and the pick of the day's catch. Our buyers also regularly visit local fish markets, including Brixham, to ensure the freshest fish for your menus.

They're also happy to visit your premises and provide recipe and menu ideas.

NEW BREW

With a new look on the outside, we refocused on the quality inside too.

We're not trying to inspire a generation, and we're not trying to change the world.
We're about moments between people.

And maybe a cup of our award winning tea will be there too.

DISCOVER THE PERFECT CUP, EXPERIENCE THE PERFECT ROAST

We are passionate about quality and dedicated to a simple but demanding philosophy: always serve great coffee.

WHY ROAST 440?

Roast 440 is our own brand of coffee, designed with independent coffee shops, cafes, pubs, restaurants and hotels in mind.

Roast 440 provides a high-quality range of coffee beans and filter coffees to suit every taste, with a variety of roasts plus single origin and Rainforest Alliance options. Each blend has been carefully selected and balanced, using the finest coffee beans for each application, so you can be confident of delivering a perfect cup of coffee every time.

DID YOU KNOW?

— 440°F is the optimum roasting temperature for coffee beans. Less heat would fail to release the maximum flavour and aroma. More heat can cause burning leading to bitterness.

THE RANGE

We start with the finest freshly roasted beans and supply them as whole beans or ground coffee. The blends have been lovingly created to guarantee the quality that gives your customers a great cup of coffee every time. To review the complete range, please see page 50-53.

A COMPLETE SOLUTION

BRANDED ACCESSORIES

We know that attracting customers is about much more than what goes into the cup. That's why we've created a distinctive and stylish range of marketing materials, branded uniforms, crockery, takeaway cups, point of sale displays and more. Everything it takes to turn great coffee into great business.

COFFEE ENGINEERING

Even with Roast 440's impeccably selected beans, superb roasts and beautiful blends, you can't make great coffee without a great machine. That's why we've got together with the Italian maestros at Cimballi to offer a wide range of professional grade coffee machines. There's a model to suit every type of business and handle every volume of coffee.

COURAGE WITHOUT THE DUTCH

Martin Frobisher's fearsomely good fruit juices, sparklers and fusions plot a refreshing path between sugary children's drinks and alcohol. To stock them is to sell them, thanks to a staunch supply of thirsty drinkers seeking all the heft but none of the hooch.

Quality Irish Pork Sausages

People have been enjoying McWhinney's Irish Pork Sausages since 1898.

Six generations of McWhinney's later, people still love the succulent taste of a great McWhinney's Irish Pork Sausage made by Kevin McWhinney and his family in Bangor, Co. Down.

Great chefs know that McWhinney's only use quality cuts of pork to make their pork sausages.

They also know that there is an art to "plating up" - but a great sausage masterpiece should only contain a McWhinney's Irish Pork Sausage.
